

[illegible][illegible]

App	Percentage
Tinder	2%
(WHO)	20%

2

A horizontal bar chart showing the percentage of people who have used various dating apps. The chart consists of 11 rows of black bars. The second row from the top is labeled 'Tinder' and the tenth row is labeled 'Passport'. The bars represent the percentage of users for each app, with the longest bar being for Tinder and the shortest for Passport.
